INTERNATIONAL PHOTOGRAPHY COMPETITION

URBAN JUNGLE

JUL - SEP
2023

Introduction

Welcome to the Architecture Photography Competition! In this edition, we invite photographers to explore the captivating theme of **"Urban Jungle."** As cities continue to expand and evolve, the interaction between architecture and nature becomes a fascinating subject. This competition aims to showcase the harmonious coexistence or striking contrast between the man-made structures and the natural elements within urban environments. We encourage you to capture the essence of this captivating relationship through your lens.

Objective

The objective of this competition is to encourage photographers to document the interplay between architecture and nature in urban settings. Whether it's the lush greenery peeking through concrete structures, vertical gardens adorning skyscrapers, or the cohabitation of urban wildlife with the built environment, we want you to capture the spirit of the "Urban Jungle."
