Archiol competitions

CONCRETE IN ARCHITECTURE

Registration Deadline

12th July 2021

archiol.com
artuminate.com

Concrete in architecture is an architecture competition organized by archiol in association with artuminate. Concrete is an important material in the field of architecture and construction. What is the past, present, and future of concrete as a building material used in architectural construction?

The competition, Concrete in Architecture is looking for a graphical representation and essay submissions on the importance of concrete in architecture.

Submission requirements:

•Presentation Board of the graphical representation - size: 30cmx30cm (minimum 1 boards, maximum 3 boards) – no. the presentation board.
•Text summary (min: 600 words, max: 1000 words)

The participants are free to choose the method of graphical representation. It could be through a design, a conceptual development.
